

## Meet Nansi Kunze

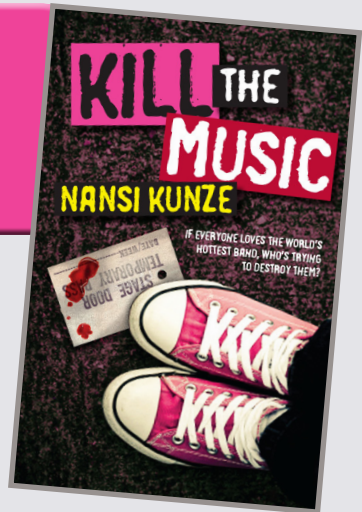

Nansi Kunze, author of *Mishaps*, *Dangerously Placed* and the newly released *Kill the Music*, will be joining **Book Links** for an author meet-and-greet!

Monday 8 July  
at 5.00 pm  
at the State Library of QLD  
(before Book Links meeting)

**Nansi Kunze** grew up surrounded by books in Australia and the UK. After studying, she spent several years teaching overseas-trained doctors how to pronounce rude words and teenagers how to mummify each other, while cultivating a taste for manga and video games in her spare time. She lives on a small farm overlooking the Victorian Alps and is currently hard at work on her next YA book (assuming that 'hard at work' is synonymous with 'researching glamorous locations on the internet').

Nansi's latest teen thriller **Kill the Music** is laced with her signature combination of mystery, romance and humour. Someone is plotting to murder the most-loved boy band on earth and Lorna, who just wants to be a normal teenager, is sucked into a frantic attempt to save them.
